CEL&P Launches “Fill the Bucket” Food Drive

Donations to Benefit Montgomery County Food Pantries

Crawfordsville, IN — As part of its ongoing commitment to community support, **Crawfordsville Electric Light & Power (CEL&P)** is kicking off its annual **“Fill the Bucket” Food Drive**. This year’s donations will benefit food pantries throughout Montgomery County.

From **September 1 through October 6**, CEL&P invites community members to help “Fill the Bucket” by donating non-perishable food items. Donations can be dropped off at:

- CEL&P’s lobby
- CEL&P’s drive-thru
- Directly to CEL&P employees working in the community

To simplify giving, an [Amazon Wish List](https://celp.com/news/) is available at <https://celp.com/news/>.

Each year, CEL&P selects a different local organization or cause to support through its “Fill the Bucket” campaign, helping the program make a broader impact throughout the community over time.

“Our annual Fill the Bucket Food Drive is a meaningful way for CEL&P to support local food pantries and help ensure our neighbors have access to the resources they need,” said Andrea McArthur of CEL&P. “We are proud to give back to the community we serve and grateful to everyone who helps make this effort possible.”

Serving Crawfordsville since 1890, CEL&P is deeply rooted in the community and continually seeks meaningful ways to serve our customers and neighbors.
